

BROW TATTOO

AFTERCARE

WHAT TO EXPECT IMMEDIATELY AFTER THE PROCEDURE?

YOUR BROWS WILL LOOK DARKER AND BOLDER AT FIRST – THIS IS NORMAL. AS THEY HEAL, THE COLOR WILL SOFTEN AND LIGHTEN ABOUT 30%.

DURING HEALING, THE COLOR MAY LOOK VERY LIGHT OR SEEM TO FADE – DON'T WORRY, THIS IS TEMPORARY. YOUR TRUE COLOR WILL APPEAR ONCE HEALING IS COMPLETE, USUALLY WITHIN 6-8 WEEKS.

DAY 1 (APPOINTMENT DAY)

- GENTLY BLOT BROWS EVERY HOUR FOR THE FIRST 4 HOURS USING A CLEAN WET WIPE TO ABSORB FLUID.
- LIGHT OOZING IS NORMAL – KEEP THE AREA CLEAN TO PREVENT SCABBING BUILDUP.
- BEFORE BED: GENTLY WASH, PAT DRY WITH A PAPER TOWEL.
- DO NOT APPLY OINTMENT UNTIL THE NEXT DAY.

DAY 2

SOME MILD REDNESS, TENDERNESS, , DRYNESS, OR ITCHING IS NORMAL.

WASH BROWS (MORNING & NIGHT):

- GENTLY CLEANSE WITH LUKEWARM WATER + MILD, FRAGRANCE-FREE SOAP.
- USE FINGERTIPS ONLY – NO SCRUBBING, RUBBING, SCRATCHING, OR WIPING.
- PAT DRY WITH A PAPER TOWEL.

APPLY OINTMENT:

ONCE BROWS ARE COMPLETELY DRY, APPLY A VERY THIN LAYER OF THE PROVIDED OINTMENT.

BROWS SHOULD NOT LOOK GREASY – LESS IS MORE.

⚠ DO NOT APPLY OINTMENT TO WET OR DAMP SKIN.

DAY 3 - 10 (DRY HEAL)

- APPLY A RICE-SIZE AMOUNT OF OINTMENT 2-3 TIMES DAILY.
- PAT ON GENTLY WITH CLEAN FINGERS OR A Q-TIP – DO NOT RUB.
- IF TOO MUCH IS APPLIED, LIGHTLY BLOT WITH A PAPER TOWEL.
- ALLOW FLAKING TO HEAL NATURALLY – DO NOT PICK OR PEEL.

✨ GENTLE CARE = BEST HEALING AND LONG-LASTING RESULTS.

NOTES:

SCABBING

SOFT SCABS THAT FLAKE OFF NATURALLY = BEST PIGMENT RETENTION.

DO NOT PICK, PEEL, OR FORCE SCABS OFF, OR YOU MAY LOSE COLOR OR SCAR.

SHOWERING

TILT YOUR HEAD BACKWARDS WHEN WASHING HAIR SO SHAMPOO/CONDITIONER DOESN'T TOUCH YOUR BROWS.

YOU CAN GENTLY WASH YOUR BROWS IN THE SHOWER, BUT DO NOT AIM THE SHOWER HEAD DIRECTLY AT THEM.

AVOID THESE FOR 10 DAYS

- ✗ NO RUBBING, PICKING, OR SCRATCHING
- ✗ NO HEAVY SWEATING OR INTENSE WORKOUTS
- ✗ NO SWIMMING, SAUNA, STEAM ROOM, OR HOT TUBS
- ✗ NO LONG HOT SHOWERS
- ✗ NO MAKEUP OR SKINCARE ON THE BROW AREA
- ✗ NO DIRECT SUN OR TANNING BEDS
- ✗ NO BROW TINTING

AVOID THESE FOR 30 DAYS

- ✗ NO ACIDS OR EXFOLIANTS ON THE BROW AREA (GLYCOLIC, LACTIC, SALICYLIC, RETINOL/VITAMIN A)

EXTRA TIPS:

- USE A FRESH PILLOWCASE AND AVOID SLEEPING ON YOUR FACE FOR 10 DAYS.
- KEEP HAIR AWAY FROM YOUR FACE TO PREVENT INFECTION.
- AVOID FACIALS, PEELS, MICRODERMABRASION, MICRONEEDLING, OR LASER TREATMENTS FOR 4 WEEKS.
- AVOID EXCESSIVE ALCOHOL (CAN SLOW HEALING).
- AVOID OPEN-AIR VEHICLES (CONVERTIBLES, BOATS, MOTORCYCLES) FOR 10 DAYS.
- AVOID HEAVY HOUSEHOLD CLEANING TASKS THAT CREATE DUST/CHEMICALS.

HEALING & RESULTS

EVEN WITH PERFECT AFTERCARE, SOME AREAS MAY HEAL LIGHTER OR PATCHY – THIS IS NORMAL.

YOUR FOLLOW-UP SESSION (6-12 WEEKS LATER) IS INCLUDED TO PERFECT COLOR, SHAPE, AND SYMMETRY.

HEALED RESULTS VARY PER PERSON:

FACTORS LIKE AGE, IMMUNE SYSTEM, AND LIFESTYLE AFFECT HEALING.

AFTER THE ENHANCEMENT SESSION, ADDITIONAL TOUCH-UPS MAY BE NEEDED (ADDITIONAL FEES MAY APPLY).

LONG TERM AFTERCARE ADVICE

- YOUR BROWS CAN LAST 1-3 YEARS AFTER THE TOUCH-UP.
- PLAN A YEARLY TOUCH-UP TO KEEP COLOR AND SHAPE.
- USE SUNSCREEN TO PREVENT FADING.
- AVOID STRONG ACIDS, RETINOL, PEELS, OR EXFOLIANTS NEAR THE BROWS.

IF DURING THE HEALING PROCESS YOU HAVE ANY QUESTIONS OR CONCERNS, DO NOT HESITATE TO REACH OUT.
